

HeartCode® BLS Provider Instructor-Led Hands-On Skills Session 2026

American Heart Association.

Laerdal
helping save lives

Aims to enable participants to recognize cardiac arrest in adult, child and infant. The course will include activation of emergency response system, performing high-quality CPR for all ages, use of an automated external defibrillator (AED), and relief of foreign-body for all ages. This course will make use of videoclips, hands-on practical session and small group discussion to facilitate participants to master the skills of basic life support for both in-hospital and out of hospital settings.
